PROFESSIONAL SUMMARY

I am a certified professional with a solid foundation in business management and business information technology from Strathmore University. Offering a unique combination of web development skills and strategic business acumen. Looking to contribute to innovative projects and help organizations grow while gaining practical experience.

SOFT SKILLS

• **Flexible and Adaptive:** Proven ability to adjust in fast-paced environments.

• **Goal-Oriented:** Focused on achieving strategic objectives.

• **Process-Driven:** Committed to following effective processes for efficiency.

• **Curious:** Constantly exploring new technologies, frameworks, and methodologies to stay ahead in web development and business strategy.

• **Resilient and Determined**: Persistently work through challenges to meet targets.

• **Team Collaboration:** Successfully worked with diverse teams to deliver projects.

TECHNICAL SKILLS

• **Graphic Design:** Experience with design tools such as Adobe Illustrator, Canva, and Figma.

• **Responsive Web Design:** Proficient in HTML5, CSS3, and Bootstrap.

• **Effective Communicator:** Skilled in presenting technical and business information to stakeholders.

• **Version Control:** Proficient in Git and GitHub for source code management.

• **Database Management:** Understanding in MySQL, PhpMyAdmin for backend development.

• **Frontend Frameworks:** Experience with React for building interactive user interfaces.
